ICOINS Project Coordinator Cankaya University visited OSTIM

ICOINS project Coordinator Cankaya University visited OSTIM organized Industry Region and met with authorities to explain project targets and their impact on SMEs.

OSTIM authorities have emphasized the critical impact of trainings on Industry 4.0 technologies and expressed their support throughout the project lifetime.

ICOINS project aims to conduct pilot trainings of trainers and also SME managers, decision makers and VET teachers.

OSTIM ORGANIZED INDUSTRY REGION

OSTIM Organized Industry zone is one of the leading zones of the Ankara industry. It is a SME city with international brand value as a solution center for meeting the national needs. There are more than 6,200 enterprises operating in 17 sectors.

OSTIM actively provides support and cooperation in the fields like training, consultancy, employment, guidance, R&D, technology transfer, marketing, promotion, etc..

The expected results of the iCOINS project will be disseminated and used as a valuable contribution to support the Industry 4.0 training and education and awareness raising in SMEs.
